

MISSION

Provide job training, job retraining, and employment opportunities to people with severe disabilities, with an emphasis on Wounded Warriors, and former military suffering from Post Traumatic Stress Disorder (PTSD) and Traumatic Brain Injury (TBI). We have the background and expertise to understand the unique needs of the U.S. military and can accommodate complex contract and program requirements at the federal, state, and local level. Our employees are capable, reliable, and dependable, and will provide an exceptional ethic to every project.

The founding partners of Able Forces have the unique experience and commitment to manage all aspects of work to be performed

Skip Rogers (Executive Director) - Army veteran with 35 years as a business owner. Previous Mental Health Counselor and Therapist. His area of expertise was in severe behavioral disorders with an emphasis on acute psychotic disorders. He was recognized for his contributions as the senior research assistant in the landmark behavioral research study "Temporal Disorganization and Inner/Outer Confusion in Acute Mental Illness", published in the American Journal of Psychiatry.

Joe Cunningham - (Executive Vice President) - Navy veteran with 35 years managing large defense contracting organizations. As President of DynCorp, managed 10,000 employees supporting \$1.5 Billion dollars of annual tasking for various DOD customers

- **Extensive Experience in Wounded Warrior Community**
- **Board Members of American Freedom Foundation – AFF** raises money and awareness to assist disabled military veterans and their families. American Freedom Foundation’s founder former Sergeant Major of the Army Jack Tilley is also a member of Senior Advisor Group to Secretary of Veterans Affairs.
- **Founding Members of National Capital Region Prototype for Community One Source** - Community One Source, under the direction of Easter Seals, is organizing the various Federal, State, local government and NGO’s to address and satisfy the specific needs of disabled service members and the needs of their family members.
